

Kaylee's Korner

T {4}

There {4} (or T {4} for short) is a weekend-long convention for teen girls in the DFW area. Olivia and I had the blessing of accompanying the group of youth group girls from Woodland West. The weekend consisted of great times of singing and worship, as well as hearing from God's word from a variety of speakers in each session. This year's theme was Reflect, coming from 2 Corinthians 3:18. I was really impressed at the thorough and wide scope of topics discussed at the conference; all of the lessons were very practical and applicable for young Christian woman.

I also loved the opportunity this weekend provided us to get to know some of the youth group girls a little bit more and build connections with them. I'm continually impressed by everything that God is doing in Arlington, TX!

AIM Visits

Arlington, because of its central location is a common rest stop for those traveling in the AIM program. This month we got the privilege of hosting two different groups of AIMers from the class currently studying in Lubbock as well as the administration.

The first group was on its way to promote AIM at Winterfest in Gatlinburg, TN. They spent one night; the girls in the group stayed in my team's apartment while the boys were hosted by another church member. They got to visit the Tri-C as well as accompany us to a Heartfelt night!

The second group was the team that will be joining and eventually replacing us in Arlington! They stayed for a full weekend because they were working to promote AIM at CYC here in Arlington.

I loved getting to share everything we do with the future AIM team and show them a taste of what they can look forward to by coming to Arlington, TX as their mission field.

Looking Forward

I'm going to be an aunt! My brother, Matt, and his wife, Hannah, are having their first baby! Next month I will be going to Georgia to visit them and the rest of my family for a week. This will be the first time in about three years that my whole nuclear family will be in the same place at the same time. I'm very excited!

Verse of the Month

And we, who with unveiled faces all reflect the Lord's glory, are being transformed into his likeness with ever-increasing glory, which comes from the Lord, who is the Spirit.

2 Corinthians 3:18

Tri-C Fundraiser Concert

The Tri-C put on a hosted a fundraiser concert with a silent auction and a raffle to raise money for the Tri-C's events and activities.

Olivia and I as well as the student leaders helped set it up and host the raffle and silent auction. Two groups performed at the concert: a country band and a barbershop quartet. It was fun to help put on the event and raise support for all of the great things that the Tri-C gets to do at UTA!

Ash Leaves

My AIM team has been made up of three people: Ash Adkins, Olivia Gauding, and myself. Unfortunately, this month Ash decided to quit the AIM program and thereby leave Arlington and the team.

This is a very sad development. But we're continuing on prayerfully.

Please be praying for Ash, for the people here in Arlington, and for the ministries that we are involved in. God is in control and has a plan, we just need to follow His lead wherever He puts us. God has been and always will be faithful in everything

So, until we finish our allotted time on the field, my team is now a team of two with just Olivia and me.

Woodland West College Group

For the past several months Woodland West has been developing their college and young professionals' group. It's really exciting to see how this ministry is being built up from the ground up and how many people are getting involved!

Because my team is a part of their age demographic, and because we have been working with the college students at the Tri-C, we were a natural fit to help develop the college-age community at Woodland West.

They have regular meetings and get together throughout the week, in and out of the church building. We have a college-age class on Sunday mornings before the service, then we will sit together during the service. Usually on Sunday afternoons we will eat lunch together at someone's house or at a restaurant. Throughout the week there is usually some kind of game night or get together in the evening.

Another blessing of being part to the Tri-C's activities and Woodland West's activities is the ability to connect the two groups! I love inviting the Woodland West people to all of the worship nights, craft afternoons, and social nights that the Tri-C hosts. And I love connecting the UTA students to more people their age who are part of an active church!

God is so awesome in how He works all things together in His perfect timing!

Thank you!

Thank you so much for your continued support, love, and prayers! They are so appreciated, and I really wouldn't be able to do any of the things in this program without y'all. I am so grateful for you beyond words and thank God for everyone who is supporting me, praying for me, or even just reading my newsletter!
